What would a year in Africa look like?

Do you want to discover the face of Jesus in the world's marginalized and poor? If so, consider committing a year of your life to serving in Southern Africa. Come explore what the Gospel lived out in intentional community and service can look like. Pour yourself into something that really matters, by building God's Kingdom through the local church. Come and learn, ask and see what God is doing. Be part of God's redemption in Africa by reflecting His love.
